Education

VIT Bhopal University

Bachelor of Technology in Computer Science CGPA: 9.02

Sep 2022 – Aug 2026

Bhopal, MP

Technical Skills

Languages: C++, HTML/CSS, JavaScript, SQL

Developer Tools: Git, Github, Postman, Inngest, Stripe, Clerk

Technologies/Frameworks: React.js, Node.js, Express.js, Tailwind, MongoDB, Redis

Projects

GroceEase | Tailwind , React.js , Node.js , Express.js , MongoDB , Stripe, Redis

January 2025

- Developed GroceEase, a full-stack grocery delivery web application using React.js and Tailwind CSS for a responsive, user-friendly interface where customers can browse products, place orders, and sellers can manage inventory.
- Designed and implemented the dynamic frontend components for product catalogs, shopping cart, and checkout, along with a secure admin dashboard for sellers using React.js.
- Built RESTful APIs with Node.js and Express.js for CRUD operations on products, user authentication, order management, and data processing with MongoDB as the primary database.
- Integrated Stripe payment gateway to securely process online transactions, enabling real-time checkout and order placement.

Fabel | Tailwind , React.js , Node.js , Express.js , MongoDB , Stripe, Clerk

November 2024

- Built Fabel, a scalable online bookstore platform with a responsive UI using React.js and Tailwind CSS, supporting browsing, searching, and filtering of books by multiple criteria (genre, author, price).
- Implemented user authentication, authorization, and role-based access control using Clerk, allowing customers to register, manage profiles, and track orders, while enabling admins to manage book listings securely.
- Developed cart management, order placement, and checkout functionalities with real-time validation and seamless user experience using React.js and Node.js.
- Leveraged Express.js for server-side logic and MongoDB for data persistence, ensuring efficient handling of book data, user info, and transaction records.

Relevant Coursework

- Data Structures
- Database Management
- Operating Systems
- Algorithm Analysis
- Computer Networks
- Object-Oriented Programming

Achievements

- Top **1%** performer in competitive DSA rounds among 1000+ participants in Vit Bhopal University
- Cleared the internal selection round of the prestigious **Smart India Hackathon**
- Achieved a Rating of **1600+** in leetcode
- Secured a global rank of 1154 in **CodeChef** Starters 171
- Cleared Round 1 of **SolVit Hackathon** Organised by Vit Bhopal University
- Solved 500+ DSA problems on leetcode & GeeksforGeeks

Certificates

- Completed the **MERN Stack Development** program at **SmartInternz**
- Earned certification in **The Bits and Bytes of Computer Networking** from Coursera
- Completed the **Fundamentals of DevOps** program offered by IBM
- Finished the **MongoDB & Node.js Developer Path** certification through **SmartInternz**
- Achieved certification in **Marketing Analytics** from NPTEL
